Welcome to Premier Disco Weddings

Thank you for considering Premier Disco Weddings for your special day. We know choosing a wedding DJ is one of the most important decisions you'll make — the music shapes the entire atmosphere of your celebration, from your ceremony through to your final dance.

Premier Disco Weddings is a premium solo wedding DJ service with roots going back to 1979. I'm James, and I personally perform at every wedding I take on. You're not booking an agency that sends whoever is available — you're booking me, directly, with my full attention and experience dedicated to making your day exceptional.

I've had the pleasure of performing at weddings across Scotland, from intimate evening receptions to full all-day celebrations at some of the country's finest venues. Whether you want classic elegance, a full-on party, or something beautifully personal in between, I'll work with you to get every detail right.

This guide covers everything you need to know — my packages, what's included, how the planning process works, and what you can expect on the night. If you have any questions at all, please don't hesitate to get in touch.

James Veal

Premier Disco Weddings

How It Works

From your first enquiry to your last dance, here's what to expect when you book with Premier Disco Weddings:

1. Get in Touch

Drop me an email, fill in the enquiry form on my website, or give me a call. I'll let you know if your date is available and answer any initial questions you have.

2. Free Consultation

We'll arrange a relaxed chat — in person, over the phone, or via video call — to get a feel for your vision, your venue, and the kind of atmosphere you want to create. There's no pressure and no obligation.

3. Secure Your Date

Once you're happy to go ahead, a booking agreement and deposit secures your date. I only take one wedding per day, so once your date is confirmed, it's yours.

4. Music Planning

You'll get access to my online planning portal (DJ Event Planner), where you can build your playlist, add special requests, note any must-plays or must-avoids, and confirm your key moments — first dance, walking in, cake cutting, and more.

5. Your Wedding Day

I arrive early to set up discreetly and run a full sound check before your guests arrive. From there, I'll read the room all night, keeping energy levels exactly where you want them and making sure the dance floor stays busy.

6. After Your Wedding

I'll follow up to make sure everything went exactly as you hoped. Many couples also share their experience with a Google review — it's always appreciated and helps other couples find me.

Packages

I offer three packages, each designed to give you the right level of coverage for your day. Every package includes the same professional equipment, planning portal, and personal service — the difference is simply when I arrive and what I cover.

Evening Reception <i>Evening only</i>	Dinner to Dancing <i>Meal + evening</i>	Full Day Wedding <i>Ceremony to last dance</i>
<i>Professional DJ entertainment from the start of your evening reception right through to the final song.</i> Includes: ✓ DJ from evening reception start ✓ QSC professional sound system ✓ LED dance floor lighting ✓ Diamond-frame DJ booth ✓ First dance & special moments ✓ Music planning portal ✓ Guest requests ✓ PAT tested & fully insured ✓ MDJN member	<i>I arrive for your wedding breakfast and stay right through to the end of the night — one seamless evening, no awkward handoff.</i> Everything in Evening, plus: ✓ Background music during wedding breakfast ✓ Perfectly pitched dinner music — not too loud, not too quiet ✓ Smooth transition into evening disco ✓ Energy building from meal to dance floor ✓ Coordination with venue timeline ✓ Microphone for speeches	<i>Full coverage from ceremony or drinks reception all the way through to the last dance — every moment of your day, musically taken care of.</i> Everything in Dinner to Dancing, plus: ✓ Music for ceremony or drinks reception ✓ Walk-in, processional & recessional music ✓ Background music throughout the full day ✓ Cake cutting & all special moment cues ✓ All day presence & continuous support ✓ Full coordination with your venue & suppliers

All packages can be enhanced with uplighting, cold spark machines, CO2 jets, confetti cannons, photo booth hire, or live saxophone. Ceilidh sets can also be added to any package. Just mention it when we chat.

For pricing and availability, please get in touch directly — every wedding is different and I'm happy to talk through the right option for your day.

What's Included

Every booking with Premier Disco Weddings includes the following as standard:

Professional-Grade Sound System

I use QSC K12.2 powered mains and QSC KS118 subwoofers — the same speakers used by professional touring acts and concert venues. Your guests will hear crystal-clear, room-filling sound without it ever being overwhelming.

Dual Laptop Setup

I run dual laptops as a safeguard against any technical issues. If one has a problem, the other takes over seamlessly — your music never stops.

LED Lighting Rig

A full LED tube lighting setup transforms your venue and creates the perfect atmosphere as the evening progresses. Lighting can be adjusted throughout the night to match the mood.

Diamond-Frame DJ Booth

My bespoke diamond-frame DJ booth looks great in photos and keeps the setup tidy and professional. No exposed cables or clunky fold-up tables.

Online Music Planning Portal

You'll get access to DJ Event Planner, my online planning portal. Use it to build your playlist, add must-plays and must-avoids, set your special moments, and share it with your partner. Or, if you'd rather leave it to me, just tell me your vibe and I'll handle the rest.

PAT Tested & Fully Insured

All equipment is PAT tested and I carry full public liability insurance. Most venues require this, and I'm happy to provide documentation on request.

Free Pre-Wedding Consultation

We'll have a proper chat before your wedding to go through everything — your timeline, your must-play list, any surprises you're planning, and any specific requirements the venue has.

Early Arrival & Professional Setup

I arrive well ahead of the start time to set up discreetly and run a full sound check. You'll never be waiting around on your wedding day for the DJ to show up.

Making the Music Yours

Your wedding playlist should feel completely personal — not like a generic list of wedding hits. Here's how I approach the music planning process:

Your Key Moments

We'll plan every musical moment together. That includes:

- Walking in / processional
- First dance
- Bridal party entrance
- Cake cutting
- Last song of the night
- Any other special moments you have in mind

Your Playlist & Requests

Through the planning portal, you can build a wishlist of songs you love, flag anything you absolutely don't want played, and note any genres to lean into or avoid. I'll use this as my guide while still reading the room on the night.

Reading the Room

This is where experience really matters. A great wedding DJ doesn't just play a pre-set list — they read the energy on the dance floor and adjust accordingly. If something isn't working, I change direction. If the floor is heaving, I keep it going. I've been doing this long enough to know what works.

Guest Requests

I'm always happy to take requests on the night. You can let me know in advance whether you'd like me to use my judgement about which requests to play, or whether you'd prefer I play everything that comes in. Either way works.

Genres & Styles

From Motown and soul to 80s anthems, 90s classics, chart hits, indie, R&B, or something more specific to your tastes — I've got it covered. Tell me what you love and I'll build the night around it.

What Couples Say

Don't just take my word for it — here's what some of our recent couples had to say:

"James was absolutely outstanding from start to finish. The dance floor was never empty and he completely nailed the atmosphere we were going for. He's not just a DJ — he's a genuine professional who really cares about making your day special."

— **Sarah & David, Prestonfield House, Edinburgh**

"We were a bit nervous about choosing a DJ without seeing him perform first, but James put us completely at ease during our consultation. On the night, he was brilliant — great music, brilliant communication, and he kept everyone on the floor right until the end."

— **Laura & Michael, Archerfield Walled Garden, East Lothian**

"We gave James a rough idea of our vibe and he absolutely delivered. He read the room perfectly all night. I had so many guests comment on how good the music was. Couldn't recommend him more highly."

— **Emma & Ross, Dundas Castle, Edinburgh**

"James has been doing this for a long time and it really shows. Everything was seamless — the setup, the sound, the music choices. He even remembered a last-minute change we asked for on the day. Absolute star."

— **Claire & Jamie, Dalmahoy Hotel & Country Club**

Venues We've Worked At

I've had the pleasure of performing at a wide range of stunning venues across Scotland. Here's a selection:

Edinburgh & Lothians

- Prestonfield House
- Dundas Castle
- The Balmoral Hotel
- Dalmahoy Hotel & Country Club
- Archerfield Walled Garden
- The George Hotel Edinburgh
- Dynamic Earth
- Mansfield Traquair

Scottish Borders & Beyond

- Floors Castle, Kelso
- Thirlestane Castle, Lauder
- Bowhill House, Selkirk
- Crossbasket Castle, Blantyre

Fife & Perthshire

- Falkland Palace
- Balbirnie House
- Fonab Castle, Pitlochry

Not seeing your venue here? Don't worry — I'm experienced working at a huge variety of venues across Scotland. Get in touch and let's chat about yours.

Frequently Asked Questions

Do you travel outside Edinburgh and the Lothians?

Absolutely. I perform at weddings across Scotland — from the Scottish Borders and Fife to Glasgow, Perthshire, and beyond. Travel costs may apply for venues further afield; I'll be upfront about this when you enquire.

How do we secure our date?

Once you're happy to proceed, I'll send over a booking agreement and ask for a deposit to hold your date. I only take one wedding per day, so once you're confirmed, that date is exclusively yours.

What happens if something goes wrong with your equipment?

I use professional-grade equipment and always carry backup gear. I also run dual laptops as a safeguard. In the unlikely event of a technical issue, the backup kicks in immediately — your guests won't notice a thing.

Can we choose our own music?

Yes — that's what the planning portal is for. You can build a wishlist, add must-plays and must-avoids, and plan every special moment. Or, if you'd prefer to hand it over to me, just tell me your vibe and trust me to read the room.

Do you take requests on the night?

Yes. I'm always happy to take requests from guests. You can let me know in advance how you'd like me to handle them — whether to use my judgement about what fits, or to play everything that comes in.

Are you insured and PAT tested?

Yes. All my equipment is PAT tested and I carry full public liability insurance. I can provide documentation for your venue coordinator on request.

Do you offer ceilidh music?

Yes — ceilidh sets can be added to your package. It's a brilliant way to get everyone on the floor, especially for mixed age groups. Just mention it when we chat and I'll include it in your quote.

How far in advance should we book?

Popular dates — especially Saturdays between April and October — can book up 12 to 18 months in advance. I'd always recommend getting in touch as soon as you have a date and venue in mind.

Let's Make It Happen
